For provisions that require fill-ins or input by the contracting officer, the paragraph that contains the fill-in information must be included directly below the title of the provision or clause.
- (b) If applicable, the following AIDAR provisions and clauses must be incorporated in full text in all solicitations and awards:

| No. AIDAR<br>(48 CFR chapter 7) | Title  | Date       |

Therefore, when the clause in (48 CFR) FAR 52.204-2 is used in USAID contracts, pursuant to 704.404(a), paragraph (a) of the clause is revised as follows:

(a) This clause applies to the extent that this contract involves access to classified (‘Confidential’, ‘Secret’, or ‘Top Secret’), or administratively controlled (‘Sensitive But Unclassified’) information.

(End of clause)

[79 FR 74997, Dec. 16, 2014, as amended at 89 FR 4209, Jan. 23, 2024]

### 752.204-70 Partner vetting pre-award requirements.

As prescribed in (48 CFR) AIDAR 704.7005(a), insert the following provision in all solicitations subject to vetting:

## Partner Vetting Pre-award Requirements (FEB 2012)

(a) USAID has determined that any contract resulting from this solicitation is subject to vetting. Terms used in this provision are defined in paragraph (b) of the (48 CFR) AIDAR clause at 752.204-71 Partner Vetting, of this solicitation. An offeror that has not passed vetting is ineligible for award.

(b) The following are the vetting procedures for this solicitation:

(1) Prospective offerors review the attached USAID Partner Information Form, USAID Form 500-13, and submit any questions about the USAID Partner Information Form or these procedures to the contracting officer by the deadline for questions in the solicitation.

(2) The contracting officer notifies the offeror when to submit the USAID Partner Information Form. For this solicitation, USAID will vet at *[insert in the provision the applicable stage of the source selection process at which the contracting officer will notify the offeror(s) who must be vetted]*. Within the timeframe set by the contracting officer in the notification, the offeror must complete and submit the information on the USAID Partner Information Form in accordance with instructions from the vetting official named in paragraph (d) of the (48 CFR) AIDAR clause at 752.204-71 Partner Vetting, of this solicitation.

Note: Offerors who submit using non-secure methods of transmission do so at their own risk.

(3) The offerors must notify proposed subcontractors of this requirement when the subcontractors are subject to vetting.

(c) Source selection proceeds separately from vetting. Vetting is conducted independently from any discussions the contracting officer may have with an offeror. The offeror and any subcontractor subject to vetting must not provide vetting information to other than the vetting official. The offeror and any subcontractor subject to vetting will communicate only with the vetting official regarding their vetting submission(s) and not

with any other USAID or USG personnel, including the contracting officer or his/her representatives. Exchanges between the Government and an offeror about vetting information submitted by the offeror or any proposed subcontractor are clarifications in accordance with (48 CFR) FAR 15.306(a) (48 CFR 15.306(a)). The contracting officer designates the vetting official as the only individual authorized to clarify the offeror's and proposed subcontractor's vetting information.

(d)(1) The vetting official notifies the offeror that it:

(i) Has passed vetting,

(ii) Has not passed vetting, or

(iii) Must provide additional information, and resubmit the USAID Partner Information Form with the additional information within the number of days the vetting official specified in the notification.

(2) The vetting official will include in the notification any information that USAID's Office of Security (SEC) determines releasable. In its determination, SEC will take into consideration the classification or sensitivity of the information, the need to protect sources and methods, or status of ongoing law enforcement and intelligence community investigations or operations.

(e) *Reconsideration.* (1) Within 7 calendar days after the date of the vetting official's notification, an offeror that has not passed vetting may request in writing to the vetting official that the Agency reconsider the vetting determination. The request should include any written explanation, legal documentation and any other relevant written material for reconsideration.

(2) Within 7 calendar days after the vetting official receives the request for reconsideration, the Agency will determine whether the offeror's additional information warrants a revised decision.

(3) The Agency's determination of whether reconsideration is warranted is final.

(f) *Revisions to vetting information.* (1) Offerors who change key individuals, whether the offeror has previously passed vetting or not, must submit a revised USAID Partner Information Form to the vetting official. This includes changes to key personnel resulting from revisions to the technical proposal.

(2) The vetting official will follow the vetting process in paragraph (d) of this clause for any revision of the offeror's Form.

(g) *Award.* At the time of award, the contracting officer will confirm with the vetting official that the apparently successful offeror has passed vetting. The contracting officer may award only to an apparently successful offeror that has passed vetting.

(End of clause)

[77 FR 8171, Feb. 14, 2012, as amended at 79 FR 74988, Dec. 16, 2014; 89 FR 4209, Jan. 23, 2024]

## 752.204-71 Partner vetting.

As prescribed in (48 CFR) AIDAR 704.7005(b)(1) and 716.506(a), insert the following clause in all contracts subject to vetting:

### Partner Vetting (FEB 2012)

(a) The contractor must comply with the vetting requirements for key individuals under this contract.

(b) Definitions. As used in this provision—

*Key individual* means:

(i) Principal officers of the organization's governing body (e.g., chairman, vice chairman, treasurer and secretary of the board of directors or board of trustees);

(ii) The principal officer and deputy principal officer of the organization (e.g., executive director, deputy director, president, vice president);

(iii) The program manager or chief of party for the USG-financed program; and

(iv) Any other person with significant responsibilities for administration of the USG-financed activities or resources, such as key personnel as described in Automated Directives System Chapter 302. Key personnel, whether or not they are employees of the prime contractor, must be vetted.

*Vetting official* means the USAID employee identified in paragraph (d) of this clause as having responsibility for receiving vetting information, responding to questions about information to be included on the USAID Partner Information Form, USAID Form 500-13, coordinating with the USAID Office of Security, and conveying the vetting determination to each offeror, potential subcontractors subject to vetting, and to the contracting officer. The vetting official is not part of the contracting office and has no involvement in the source selection process.

(c) The Contractor must submit a USAID Partner Information Form, USAID Form 500-13, to the vetting official identified below during the contract when the Contractor replaces key individuals with individuals who have not been previously vetting for this contract. Note: USAID will not approve any key personnel who have not passed vetting.

(d) The designated vetting official is:

Vetting official:

\_\_\_\_\_

Address:

\_\_\_\_\_

\_\_\_\_\_

Email: \_\_\_\_\_ (for inquiries only)

(e)(1) The vetting official will notify the Contractor that it—

(i) Has passed vetting,

(ii) Has not passed vetting, or

(iii) Must provide additional information, and resubmit the USAID Partner Information Form with the additional information within the number of days the vetting official specifies.

(2) The vetting official will include in the notification any information that USAID's Office of Security (SEC) determines releasable. In its determination, SEC will take into consideration the classification or sensitivity of the information, the need to protect sources and methods, or status of ongoing law enforcement and intelligence community investigations or operations.

(f) *Reconsideration.* (1) Within 7 calendar days after the date of the vetting official's notification, the contractor or prospective subcontractor that has not passed vetting may request in writing to the vetting official that the Agency reconsider the vetting determination. The request should include any written explanation, legal documentation and any other relevant written material for reconsideration.

(2) Within 7 calendar days after the vetting official receives the request for reconsideration, the Agency will determine whether the contractor's additional information warrants a revised decision.

(3) The Agency's determination of whether reconsideration is warranted is final.

(g) A notification that the Contractor has passed vetting does not constitute any other approval under this contract.

(h) When the contractor anticipates awarding a subcontract for which consent is required under (48 CFR) FAR clause 52.244-2, Subcontracts, the subcontract is subject to vetting. The prospective subcontractor must submit a USAID Partner Information Form, USAID Form 500-13, to the vetting official identified in paragraph (d) of this clause. The contracting officer must not consent to award of a subcontract to any organization that has not passed vetting when required.

(i) The contractor agrees to incorporate the substance of paragraphs (a) through (g) of this clause in all subcontracts under this contract.

### (End of clause)

Alternate I (FEB 2012). As prescribed in 704.7005(b)(2), substitute paragraphs (h) and (i) below for paragraphs (h) and (i) of the basic clause:

(h)(1) When the contractor anticipates awarding a subcontract for which consent is required under (48 CFR) FAR clause 52.244-2, Subcontracts, the subcontract is subject to vetting. The prospective subcontractor must submit a USAID Partner Information Form, USAID Form 500-13, to the vetting official identified in paragraph (d) of this clause. The contracting officer must not consent to award of a subcontract to any organization that has not passed vetting when required.

(2) In addition, prospective subcontractors at any tier providing the following classes of items (supplies and services):

---

---

---

must pass vetting. Contractors must not place subcontracts for these classes of items until they receive confirmation from the vetting official that the prospective subcontractor has passed vetting.

(i) The contractor agrees to incorporate the substance of this clause in all subcontracts under this contract.

[77 FR 8171, Feb. 14, 2012, as amended at 79 FR 74988, Dec. 16, 2014]

## **752.204-72 Access to USAID Facilities and USAID's Information Systems.**

As prescribed in AIDAR 704.1303, insert the following clause in Section I of solicitations and contracts:

### **Access to USAID Facilities and USAID's Information Systems (May 2024)**

(a) The Contractor must ensure that individuals engaged in the performance of this award as employees or volunteers of the Contractor, or as subcontractors or subcontractor employees at any tier, comply with all applicable personal identity verification (PIV) and Homeland Security Presidential Directive-12 (HSPD-12) procedures, including those summarized below, and any subsequent USAID or Government-wide procedures and policies related to PIV or HSPD-12.

(b) An individual engaged in the performance of this award may obtain access to USAID facilities or logical access to USAID's information systems only when and to the extent necessary to carry out this award. USAID issues various types of credentials to users who require physical access to Agency facilities and/or logical access to Agency information systems, in accordance with USAID's Automated Directives System (ADS) 542, available at <https://www.usaid.gov/about-us/agency-policy/series-500/542>.

(c) (1) No later than five (5) business days after award, unless the Contracting Officer authorizes a longer time period, the Contractor must provide to the Contracting Officer's Representative a complete list of individuals that require access to USAID facilities or information systems under this contract.

(2) Before an individual may obtain a USAID credential (new or replacement) authorizing the individual routine access to USAID facilities, or logical access to USAID's information systems, the individual must physically present two forms of identity source documents in original form to the Enrollment Office personnel when undergoing processing. To obtain a PIV card, one identity source document must be a valid Federal or State Government-issued picture ID from the I-9 list available at <https://www.uscis.gov/i-9-central/form-i-9-acceptable-documents>. For other types of credentials the Contractor can obtain the list of acceptable forms from the Contracting Officer's Representative. Submission of these documents, as well as documentation of any applicable security background investigation, is mandatory in order for the individual to receive a credential granting facilities and/or logical access.

(d) (1) No later than the 5th day of each month, the Contractor must provide the Contracting Officer's Representative with the following:

- (i) a list of individuals with access who were separated in the past sixty (60) calendar days, and
  - (ii) a list of individuals hired in the past sixty (60) calendar days who require access under this contract.
- (2) This information must be submitted even if no separations or hiring occurred during the past sixty (60) calendar days.
- (3) Failure to comply with the requirements in paragraph (d)(1) may result in the suspension of all facilities and/or logical access associated with this contract.
- (e) The Contractor must ensure that individuals do not share logical access to USAID information systems and sensitive information.
- (f) USAID may suspend or terminate the access to any systems and/or facilities in the event of any violation, abuse, or misuse. The suspension or termination may last until the situation has been corrected or no longer exists.
- (g) The Contractor must notify the Contracting Officer's Representative and the USAID Service Desk ([CIO-HELPDESK@usaid.gov](mailto:CIO-HELPDESK@usaid.gov) or 202-712-1234) at least five (5) business days prior to the removal of any individuals with credentials from the contract. For unplanned terminations, the Contractor must immediately notify the Contracting Officer's Representative and the USAID Service Desk. Unless otherwise instructed by the Contracting Officer, the Contractor must return all credentials and remote authentication tokens to the Contracting Officer's Representative prior to departure of the individual or upon completion or termination of the contract, whichever occurs first.
- (h) The Contractor must insert this clause, including this paragraph (h), in any subcontracts that require the subcontractor or a subcontractor employee to have routine physical access to USAID facilities or logical access to USAID's information systems. The Contractor is responsible for providing the Contracting Officer's Representative with the information required under paragraphs (c)(1) and (d)(1) of this clause for any applicable subcontractor or subcontractor employee.

(End of clause)

As prescribed in 709.507-2, insert the following clause in any solicitation containing a provision in accordance with (48 CFR) FAR 9.507-1, or a clause in accordance with (48 CFR) FAR 9.507-2, establishing a restraint on the contractor's eligibility for future contracts.

## Organizational Conflicts of Interest Discovered After Award (JUN 1993)

(a) The Contractor agrees that, if after award it discovers either an actual or potential organizational conflict of interest with respect to this contract, it shall make an immediate and full disclosure in writing to the contracting officer which shall include a description of the action(s) which the Contractor has taken or proposes to take to avoid, eliminate or neutralize the conflict.

(b) The contracting officer shall provide the contractor with written instructions concerning the conflict. USAID reserves the right to terminate the contract if such action is determined to be in the best interest of the Government.

### **752.211-70 Language and measurement.**

The following clause shall be used in all USAID-direct contracts.

## Language and Measurement (JUN 1992)

(a) The English language shall be used in all written communications between the parties under this contract with respect to services to be rendered and with respect to all documents prepared by the contractor except as otherwise provided in the contract or as authorized by the contracting officer.

(b) Wherever measurements are required or authorized, they shall be made, computed, and recorded in metric system units of measurement, unless otherwise authorized by USAID in writing when it has found that such usage is impractical or is likely to cause U.S. firms to experience significant inefficiencies or the loss of markets. Where the metric system is not the predominant standard for a particular application, measurements may be expressed in both the metric and the traditional equivalent units, provided the metric units are listed first.

### **752.216-70 Award fee.**

As prescribed in 716.406, insert the following clause in solicitations and contracts in which an award-fee contract is contemplated.

## Award Fee (MAY 1997)

(a) The Government shall pay the Contractor for performing this contract such base fee and such additional fee as may be awarded, as provided in the Schedule.

(b) Payment of the base fee and award fee shall be made as specified in the Schedule; provided, that after payment of 85 percent of the base fee and potential award fee, the contracting officer may withhold further payment of the base fee and award fee until a reserve is set aside in an amount that the contracting officer considers necessary to protect the Government's interest. This reserve shall not exceed 15 percent of the total base fee and potential award fee or \$100,000, whichever is less. The contracting officer shall release 75 percent of all fee withholds under this contract after receipt of the certified final indirect cost rate proposal covering the year of physical completion of this contract, provided the Contractor has satisfied all other contract terms and conditions, including the submission of the final patent and royalty reports, and is not delinquent in submitting final vouchers on prior years' settlements. The contracting officer may release up to 90 percent of the fee withholds under this contract based on the Contractor's past performance related to the submission and settlement of final indirect cost rate proposals.

### **752.216-71 Partner vetting in indefinite delivery contracts.**

As prescribed in (48 CFR) AIDAR 716.506(b)(1), insert the following clause in all indefinite-delivery contracts subject to vetting:

#### **Partner Vetting in Indefinite Delivery Contracts (FEB 2012)**

(a) The contractor must comply with the vetting requirements for key individuals under this contract and in any orders that are identified as subject to vetting.

(b) Definitions. As used in this provision—

*Key individual* means:

(i) Principal officers of the organization's governing body (e.g., chairman, vice chairman, treasurer and secretary of the board of directors or board of trustees);

(ii) The principal officer and deputy principal officer of the organization (e.g., executive director, deputy director, president, vice president);

(iii) The program manager or chief of party for the USG-financed program; and

(iv) Any other person with significant responsibilities for administration of the USG-financed activities or resources, such as key personnel as described in Automated Directives System Chapter 302. Key personnel, whether or not they are employees of the prime contractor, must be vetted.

*Vetting official* means the USAID employee identified in paragraph (d) of this clause as having responsibility for receiving vetting information, responding to questions about information to be included on the USAID Partner Information Form, USAID Form 500-13, coordinating with the USAID Office of Security, and conveying the

vetting determination to each contractor, potential subcontractors subject to vetting, and to the cognizant contracting officer. The vetting official is not part of the contracting office and has no involvement in the source selection process.

(c) The contractor must submit a USAID Partner Information Form, USAID Form 500-13 to the designated vetting official:

(1) when the contractor replaces key individuals under the basic contract with individuals who have not been previously vetted.

(2) when the contractor replaces key individuals under an order subject to vetting with individuals who have not been previously vetted. For changes to any key individuals associated with both the basic contract and any orders subject to vetting, the contractor must submit updated vetting forms to each designated vetting official. Note: USAID will not approve any key personnel who have not passed vetting.

(d)(1) The designated vetting official for the basic contract is:

Vetting official:

\_\_\_\_\_

Address:

\_\_\_\_\_

\_\_\_\_\_

Email: \_\_\_\_\_ (for inquiries only)

(2) Each order subject to vetting will identify the vetting official for that order. The contractor must submit vetting information specific to an order to the vetting official identified in that order.

(e)(1) The vetting official will notify the contractor that it—

(i) Has passed vetting,

(ii) Has not passed vetting, or

(iii) Must provide additional information, and resubmit the USAID Partner Information Form with the additional information within the number of days the vetting official specifies.

(2) The vetting official will include in the notification any information that USAID's Office of Security (SEC) determines releasable. In its determination, SEC will take into consideration the classification or sensitivity of the information, the need to protect sources and methods, or status of ongoing law enforcement and intelligence community investigations or operations.

(f) *Reconsideration.* (1) Within 7 calendar days after the date of the vetting official's notification, the contractor or prospective subcontractor that has not passed vetting may request in writing to the vetting official that the Agency reconsider the vetting determination. The request should include any written explanation, legal documentation and any other relevant written material for reconsideration.

- (2) Within 7 calendar days after the vetting official receives the request for reconsideration, the Agency will determine whether the contractor's additional information warrants a revised decision.
- (3) The Agency's determination of whether reconsideration is warranted is final.
- (g) A notification that the contractor has passed vetting does not constitute any other approval under this contract.
- (h) The request for task or delivery order proposals will identify whether the order is subject to vetting. The following are the procedures for vetting orders under this contract. Note that the term "awardee" as used below refers to a contractor under multiple-award indefinite-delivery contracts, consistent with the use of the term in (48 CFR) FAR 16.505(b):
- (1) The contracting officer will notify the awardees when to complete and submit the USAID Partner Information Form to the vetting official named in the request for order proposals. Note: Awardees who submit using non-secure methods of transmission do so at their own risk.
- (2) The awardee must notify proposed subcontractors of this requirement when the subcontractors are subject to vetting.
- (3) The fair opportunity process proceeds separately from vetting. Vetting is conducted independently from any discussions the contracting officer may have with an awardee. The awardee and any subcontractor subject to vetting must not provide vetting information to other than the vetting official identified in the request for order proposal. The awardee and any subcontractor subject to vetting will communicate only with the vetting official regarding their vetting submission(s) and not with any other USAID or USG personnel, including the contracting officer or his/her representatives.
- (4)(i) The vetting official notifies the awardee that it:
- (A) Has passed vetting,
- (B) Has not passed vetting, or
- (C) Must provide additional information, and resubmit the USAID Partner Information Form with the additional information within the number of days the vetting official specified in the notification.
- (ii) The vetting official will include in the notification any information that USAID's Office of Security (SEC) determines releasable. In its determination, SEC will take into consideration the classification or sensitivity of the information, the need to protect sources and methods, or status of ongoing law enforcement and intelligence community investigations or operations.
- (5) *Reconsideration.* (i) Within 7 calendar days after the date of the vetting official's notification, an awardee that has not passed vetting may request in writing to the vetting official that the Agency reconsider the vetting determination. The request should include any written explanation, legal documentation and any other relevant written material for reconsideration.

(ii) Within 7 calendar days after the vetting official receives the request for reconsideration, the Agency will determine whether the contractor's additional information warrants a revised decision.

(iii) The Agency's determination of whether reconsideration is warranted is final.

(6) *Revisions to vetting information.* (i) Before the order is awarded, any awardee who changes key individuals, whether it has previously passed vetting or not, must submit a revised USAID Partner Information Form to the vetting official. This includes changes to key personnel resulting from revisions to the technical proposal.

(ii) The order vetting official will follow the vetting process in paragraph (e) of this clause for any revision of the awardee's Form.

(7) *Award of order.* The contracting officer may award an order subject to vetting only to an apparently successful awardee that has passed vetting for that order.

(i) When the contractor anticipates awarding a subcontract for which consent is required under (48 CFR) FAR clause 52.244-2, Subcontracts, the subcontract is subject to vetting. The prospective subcontractor must submit a USAID Partner Information Form, USAID Form 500-13, to the designated vetting official. The contracting officer must not consent to award of a subcontract to any organization that has not passed vetting when required.

(j) The contractor agrees to incorporate the substance of paragraphs (a) through (g) of this clause in all subcontracts under this contract.

### (End of clause)

Alternate I (FEB 2012). As prescribed in 716.506(b), substitute paragraphs (i) and (j) below for paragraphs (i) and (j) of the basic clause:

(i)(1) When the contractor anticipates awarding a subcontract for which consent is required under (48 CFR) FAR clause 52.244-2, Subcontracts, the subcontract is subject to vetting. The prospective subcontractor must submit a USAID Partner Information Form, USAID Form 500-13, to the designated vetting official. The contracting officer must not consent to award of a subcontract to any organization that has not passed vetting when required.

(2) In addition, prospective subcontractors at any tier providing the following classes of items (supplies and services):

---

---

---

must pass vetting. Contractors must not place subcontracts for these classes of items until they receive confirmation from the vetting official that the prospective subcontractor has passed vetting.

(j) The contractor agrees to incorporate the substance of this clause in all subcontracts under this contract.

- (2) Closing date for receiving quotations or bids; and
- (3) Address where invitations or specifications may be obtained.

### **Mentor Requirements and Evaluation (JUL 2007)**

(a) Mentor and Protégé firms shall submit an evaluation of the overall experience in the Program to OSDBU at the conclusion of the mutually agreed upon Program period, the conclusion of the contract, or the voluntary withdrawal by either party from the Program, whichever occurs first. ## **752.222-70 USAID disability policy.**

As prescribed in 722.810, the contracting officer must insert the following clause in Section H of all solicitations and resulting awards.

### **USAID Disability Policy (DEC 2004)**

(a) The objectives of the USAID Disability Policy are:

(1) To enhance the attainment of United States foreign assistance program goals by promoting the participation and equalization of opportunities of individuals with disabilities in USAID policy, country and sector strategies, activity designs and implementation;

(2) To increase awareness of issues of people with disabilities both within USAID programs and in host countries;

(3) To engage other U.S. Government agencies, host country counterparts, governments, implementing organizations and other donors in fostering a climate of nondiscrimination against people with disabilities; and

(4) To support international advocacy for people with disabilities. The full text of USAID's policy can be found at the following Web site: [http://pdf.usaid.gov/pdf\\_docs/PDABQ631.pdf](http://pdf.usaid.gov/pdf_docs/PDABQ631.pdf).

(b) USAID therefore requires that the contractor not discriminate against people with disabilities in the implementation of USAID programs and that it make every effort to comply with the objectives of the USAID Disability Policy in performing this contract. To that end and within the scope of the contract, the contractor's actions must demonstrate a comprehensive and consistent approach for including men, women, and children with disabilities.

### **752.222-71 Nondiscrimination.**

As prescribed in 722.810(b), insert the following clause in section I of all solicitations and resulting contracts.

#### **Nondiscrimination (MAY 2024)**

FAR part 22 and the clauses prescribed in that part prohibit contractors performing in or recruiting from the U.S. from engaging in certain discriminatory practices. USAID is committed to achieving and maintaining a diverse and representative workforce and a workplace free of discrimination. Based on law, Executive Order, and Agency policy, USAID prohibits discrimination in its own workplace on the basis of race, color, religion, sex (including pregnancy, sexual orientation, gender identity, or transgender status), national origin, age (40 or older), physical or mental disability, genetic information, marital or parental status, veteran status, membership in an employee organization, political affiliation, or involvement in protected equal employment opportunity (EEO) activity. USAID does not tolerate any type of discrimination (in any form, including harassment) of any employee or applicant for employment on any of the above-described bases.

Contractors are required to comply with the nondiscrimination requirements of the FAR. In addition, the Agency strongly encourages all its contractors (at all tiers) to develop and enforce nondiscrimination policies consistent with USAID's approach to workplace nondiscrimination as described in this clause, subject to applicable law.

### **752.225-5 Buy American Act-Trade Agreements Act.**

The clauses prescribed by FAR 25.1101 are not generally included in USAID contracts when more stringent source requirements are stated in the contract or when inclusion is not appropriate under FAR 25.403, or AIDAR 725.403. (See Executive Order 11223, dated May 12, 1965.) The clause setting forth USAID's source restrictions is provided in 752.225-70.

[89 FR 4208, Jan. 23, 2024]

## 752.225-70 Source and nationality requirements.

(a) Except as may be specifically approved by the contracting officer, the contractor must procure all commodities (e.g., equipment, materials, vehicles, supplies) and services (including commodity transportation services) in accordance with the requirements at 22 CFR part 228 "Rules on Procurement of Commodities and Services Financed by USAID." The authorized source for procurement is Geographic Code 937 unless otherwise specified in the schedule of this contract. Guidance on eligibility of specific goods or services may be obtained from the contracting officer.

(b) *Ineligible goods and services.* The contractor must not procure any of the following goods or services under this contract:

- (1) Military equipment;

#### **Trade and Investment Activities and the “Impact on U.S. Jobs” and “Workers' Rights” (Jul 2023)**

(a) Except as specifically set forth in this contract or otherwise authorized by USAID in writing, no funds or other support provided under this contract may be used for any activity that: provides financial incentives and other assistance for U.S. companies to relocate operations abroad if it is likely to result in the loss of U.S. jobs; contributes to violations of internationally recognized workers' rights defined in 19 U.S.C. 2467(4); or provides financial incentives for entities located outside the United States to relocate or transfer jobs from the United States to other countries or provide financial incentives that would adversely affect the labor force in the United States.

(b) In the event the Contractor is requested to provide services in any of the above areas or requires clarification from USAID as to whether an activity would be consistent with the limitation set forth above, the Contractor must notify the Contracting Officer and provide a detailed description of the expected impact of the proposed activity. (d) *Release, publication and use of data.* (1) For all data first produced or specifically used by the Contractor in the performance of this contract in the United States, its territories, or Puerto Rico, the Contractor shall have the right to use, release to others, reproduce, distribute, or publish such data, except to the extent such data may be subject to the Federal export control or national security laws or regulations, or unless otherwise provided in this paragraph of this clause or expressly set forth in this contract [see paragraph (d)(3) for limitations on contracts performed outside of the US].

(2) The Contractor agrees that to the extent it receives or is given access to data necessary for the performance of this contract which contain restrictive markings, the Contractor shall treat the data in accordance with such markings unless otherwise specifically authorized in writing by the contracting officer.

(3) For all data first produced or specifically used by the Contractor in the overseas performance of this contract, the Contractor shall not release, reproduce, distribute, or publish such data without the written permission of the contracting officer. ### 752.227-70 Patent reporting procedures.

As prescribed in (48 CFR) AIDAR 727.303, insert the following clause in all solicitations and contracts that contain the clause at (48 CFR) FAR 52.227-11.

## Patent Reporting Procedures (AUG 1999)

(a) *Reporting inventions.* In accordance with 37 CFR part 401, each USAID-funded research recipient must disclose each subject invention to USAID as required in (48 CFR) FAR 52.227-11(c). Such reports must be made via the National Institutes of Health (NIH) EDISON Patent Reporting and Tracking system. NIH created EDISON to help assist research recipients to comply with the Bayh-Dole Act and report in a timely manner all patentable inventions arising out of Federally-sponsored research programs. The EDISON system uses Web technology to allow research recipients to report and monitor their invention reports, with the assurance that proprietary data is securely stored. The Web site for EDISON (<http://www.iedison.gov>) provides users with an invention reporting test site, as well as applicable instructions for complying with Government regulations, and increases the potential for successful commercialization of the inventions by helping to ensure that all reporting requirements are met and that ownership rights are clearly established.

(b) Reports on utilization of subject inventions as required under (48 CFR) FAR 52.227-11(f) must be provided to the USAID contracting officer's technical representative annually, and the last report under an agreement must be provided within 90 days of the expiration of the agreement.

## **752.227-71. Planning, Collection, and Submission of Digital Information to USAID.**

As prescribed in AIDAR 727.7003, insert the following clause in Section H of solicitations and contracts:

### **Planning, Collection, and Submission of Digital Information to USAID (JUN 2024)**

(a) *Definitions.* As used in this clause—

*Computer* is a fixed or mobile device that accepts digital data and manipulates the information based on a program or sequence of instructions for how data is to be processed.

*Data* means recorded information, regardless of form or the media on which it may be recorded. The term includes technical data and computer software. The term does not include information incidental to contract administration, such as financial, administrative, cost or pricing, or management information.

*Data asset* is a collection of data elements or data sets that may be grouped together.

*Data inventory* is the first component of a Data Management Plan (DMP). The data inventory is a list of high-value data assets that the contractor anticipates producing during the period of award performance.

*Data management plan (DMP)* is a tool that guides the identification of anticipated data assets and outlines tasks needed to manage these assets across a full data lifecycle.

*Data set* is an organized collection of structured data, including data contained in spreadsheets, whether presented in tabular or non-tabular form. For example, a data set may represent a single spreadsheet, an extensible mark-up language (XML) file, a geospatial data file, or an organized collection of these. A data set does not include unstructured data, such as email or instant messages, PDF files, PowerPoint presentations, word processing documents, images, audio files, or collaboration software.

*Digital* means the coding scheme generally used in computer technology to represent data.

*Digital data* means quantitative and qualitative programmatic measurements that are entered directly into a computer. Examples include numeric targets established during activity design or implementation; baseline, mid-line, or final measurements created or obtained via field assessments; surveys or interviews; performance monitoring indicators as specified in the Contractor's approved AMELP; evaluation results; or perception metrics collected from beneficiaries on the quality and relevance of International Disaster Assistance and Development Assistance.

*Digital information* is a subset of data and means:

(i) Digital text;

(ii) Digital data;

(iii) Digital objects; and

(iv) Metadata created or obtained with USAID funding regarding international development or humanitarian assistance activities supported by this award that are represented, stored, or transmitted in such a way that they are available to a computer program.

*Digital method* is a means of using computer technology to gather, process, analyze, transmit, store, or otherwise use data and other forms of information.

*Digital object* includes digital or computer files that are available to a computer program. Examples include digital word processing or PDF documents or forms related to activity design, assessment reports, periodic progress and performance reports, academic research documents, publication manuscripts, evaluations, technical documentation and reports, and other reports, articles and papers prepared by the Contractor under this contract, whether published or not. Other examples include data sets, spreadsheets, presentations, publication-quality images, audio and video files, communication materials, information products, extensible mark-up language (XML) files, and software, scripts, source code, and algorithms that can be processed by a computer program.

*Digital repository* refers to information systems that ingest, store, manage, preserve, and provide access to digital content.

*Digital text* includes text-based descriptions of programmatic efforts that are entered directly into a computer, rather than submitted as a digital object.

*Draft digital information* refers to digital information that, in the professional opinion of the Contractor, does not adhere to the information quality standards such that it presents preliminary, unverified, incomplete, or deliberative findings, claims, analysis, or results that may lead the consumer of such material to draw erroneous conclusions.

*Granularity* refers to the extent to which digital content or objects provide access to detailed, distinct data points. Coarse granularity generally means that distinct data points reflect larger, representational units or have been joined together or aggregated, thus providing less detail. A fine level of granularity generally means that distinct data points reflect smaller, individualized units that have not been aggregated, thus providing a higher level of detail. For example, a data set containing a list of every activity conducted by week would generally exhibit a finer level of granularity than a data set listing the various categories of activities conducted by month. The degree of granularity can be relative to the contents of a specific data set and can be geographic, temporal, or across other dimensions.

*Information quality standards* means the elements of utility, objectivity, and integrity collectively.

*Integrity* is an element of the information quality standards that means information has been protected from unauthorized access or revision, to ensure that the information is not compromised through corruption or falsification.

*Machine readable* means data in a format that can be easily processed by a computer without human intervention while ensuring that no semantic meaning is lost.

*Metadata* includes structural or descriptive information about digital data or digital objects such as content, format, source, rights, accuracy, provenance, frequency, periodicity, granularity, publisher or responsible party, contact information, method of collection, and other descriptions.

*Objectivity* is an element of the information quality standards that means whether information is accurate, reliable, and unbiased as a matter of presentation and substance.

*Personally identifiable information (PII)* means information that can be used to distinguish or trace an individual's identity, either alone or when combined with other information that is linked or linkable to a specific individual. [See Office of Management and Budget (OMB) Circular No. A-130, Managing Federal Information as a Strategic Resource.] PII can include both direct identifiers (such as name, health identification numbers, etc.), and indirect identifiers (geographic location, age) that when linked with other information can result in the identification of an individual.

*Publication object* is a digital object that has been accepted for publication prior to the end date of this contract and whose content is based on or includes any other digital information created or obtained in performance of this contract. In the research community, a publication object is often synonymous with a quality research manuscript that has been accepted by an academic journal for publication. However, publication objects can also consist of other digital objects (e.g., photos, videos, etc.) published via news media, the internet, or other venues.

*Quality digital information* means digital information that, in the professional opinion of the Contractor, adheres to the information quality standards and presents reasonably sound and substantiated findings, claims, analysis, or results regarding activities.

*Registered with the USAID Digital Front Door (DFD)* means: that—

- (i) The Contractor entered all mandatory information required to obtain access to the DFD.
- (ii) The Contractor agrees to abide by the DFD terms and conditions of use.
- (iii) The Government has validated the Contractor's registration by providing access to the DFD.

*USAID Digital Front Door (DFD)*, located at [dfd.usaid.gov](http://dfd.usaid.gov) is a website where the Contractor transacts business with USAID, such as submitting digital information.

*Utility* is an element of the information quality standards that means whether information is useful to its intended users, including the general public, and for its intended purpose.

(b) *Digital information planning requirements.* The Contractor must engage in digital information planning to ensure compliance with the collection and submission of all digital information, as required under this award.

(c) *Data Management Plan (DMP)*—(1) *What is required.* The Contractor must prepare and maintain a Data Management Plan (DMP) that reflects the digital information planning requirements outlined in paragraph (b) of this clause.

(2) *What to submit.* The DMP must be appropriate to the programmatic scope and context of the contract, and to the nature and complexity of the data to be collected or acquired in the course of the contract. The DMP must address, at a minimum, the following:

(i) Data inventory; and

(ii) If requested in writing by the Contracting Officer,

(A) Protocols for data collection, management and storage;

(B) Protocols for maintaining adequate safeguards that include the privacy and security of digital information collected under the award;

(C) Documentation that ensures other users can understand and use the data;

(D) Protocols for preserving digital information and facilitating access by other stakeholders; and

(E) Terms of use on data usage, publication, curation, or other dissemination plans.

(3) *When to submit.* The Contractor must develop and submit, at a minimum, the data inventory component of the DMP to the contracting officer for approval within ninety (90) days after contract award, unless the contracting officer establishes a different time period. The Contractor must submit the remaining components of the DMP to the contracting officer for approval, as soon as they become available. The contractor must not begin digital information collection prior to approval of the data inventory and submission of any remaining components of the DMP unless authorized in writing by the contracting officer.

(4) *When to revise.* The Contractor must revise the DMP as necessary throughout the period of performance of this contract. Any revisions to the plan must be approved by the contracting officer or contracting officer's representative as delegated.

(d) *Digital information production and collection requirements.* (1) The Contractor must:

(i) Use only digital methods to the extent practicable to produce, furnish, acquire, or collect information in performance of this contract. If the Contractor is unable to consistently collect data using digital methods, the Contractor must obtain the contracting officer or delegated contracting officer's representative's approval for any alternative collection method.

(ii) Collect digital information at the finest level of granularity that enables the Contractor to comply with the terms of this contract.

(2) To the extent practicable, the Contractor must limit the collection of PII to only that which is necessary to comply with the requirements of the contract.

(e) *Registration requirements.* The Contractor must:

(1) Be registered with the USAID Digital Front Door (DFD) within ninety (90) days after award of this contract; and

(i) Submit digital information created or obtained in performance of this contract to USAID at the finest level of granularity at which it was collected.

(ii) Submit digital information in nonproprietary formats and digital data and data sets in machine readable formats. The Contractor may also submit proprietary formats in addition to a nonproprietary format.

(iii) Submit a copy of any usage license agreement that the Contractor obtained from any third party who granted usage rights for the digital information.

(iv) Submit a copy of any photo or media release template that the Contractor used to obtain permission from any third party for the use of the photo or media.

(v) When the contract includes AIDAR clause 752.7012, Protection of the Individual as a Research Subject, provide a blank copy of the form, document, instructions, or other instruments used to obtain informed consent from persons whose individual information is contained in the original version of the digital object.

(vi) If applicable, provide additional details or metadata regarding:

(A) Where and how to access digital information that the Contractor submits to a USAID-approved digital repository or via alternate technology as approved by USAID's Chief Information Officer;

(B) The quality of submissions of draft digital information;

(C) Known sensitivities within digital information that may jeopardize the personal safety of any individual or group, whether the Contractor has submitted the information or has received a submission exemption;

(D) Digital information for which the Contractor was unable to obtain third party usage rights, a media release, or informed consent or which has other proprietary restrictions.

(2) *Where to submit.* The Contractor must submit digital information through the DFD, unless specifically authorized by the contracting officer in writing to submit to a USAID-approved digital repository instead or via alternate technology as approved by USAID's Chief Information Officer.

(3) *When to submit.* (i) With the exception of data sets, the Contractor must submit all other Digital Objects within 30 days of obtaining the contracting officer or delegated contracting officer representative's approval. Unless otherwise specified in the schedule of the contract or otherwise instructed by the contracting officer or delegated contracting officer's representative, the Contractor must submit data sets and all other digital

information created or obtained in performance of this contract to USAID once it meets the requirements of quality digital information. Unless otherwise approved by the contracting officer in writing, within thirty (30) days after the contract completion date, the Contractor must submit all digital information not previously submitted, including both draft digital information and quality digital information required under this contract.

(ii) Upon written approval of the contracting officer or delegated contracting officer's representative, the Contractor must submit draft digital information to USAID when the "best available" information is required in order to meet time constraints or other programmatic or operational exigencies.

(4) *Exemptions.* (i) The Contractor must not submit digital information through the DFD that contains:

(A) Classified information.

(B) Personally identifiable information. The Contractor must, to the maximum extent possible, remove the association between the set of identifying data and the individual to which it applies unless retaining such information is essential to comply with the terms of this contract and upon written approval from the contracting officer or delegated contracting officer's representative to submit this information.

(ii) If the Contractor believes there is a compelling reason not to submit specific digital information that does not fall under an exemption in this section, including circumstances where submission may jeopardize the personal safety of any individual or group, the Contractor must obtain written approval not to submit the digital information from the contracting officer.

(5) *Approval requirements.* Upon receipt of digital information submitted by the Contractor, the contracting officer or delegated contracting officer's representative will either approve or reject the submission. When a submission is rejected, the Contractor must make corrections and resubmit the required information. USAID does not consider the submission accepted until the contracting officer or delegated contracting officer's representative provides written approval to the Contractor.

(g) *Publication considerations.* (1) If the Contractor produces a publication object, the Contractor must submit via the DFD a copy of the publication object, the publication acceptance notification, along with a link at which the final published object may be accessed.

(2) For any digital object the Contractor submits in compliance with the terms of this contract, the Contractor may request from the contracting officer or delegated contracting officer's representative an embargo on the public release of the digital object. The contracting officer or delegated contracting officer's representative may approve an embargo request that is for no more than 12 months at a time, with additional scrutiny for digital objects relied upon for journal publication. A determination on this request will be provided to the Contractor in writing.

(3) If the Contractor used a digital object previously submitted via the DFD to generate the publication object, and that digital object is governed by a pre-existing embargo, that embargo will expire on the day the publication object is scheduled for publication. USAID may elect to publish digital information on which the publication object is based as early as the date the publication object is scheduled for publication.

(h) *USAID digital collection and submission standards.* The Contractor must comply with the version of USAID's Digital Collection and Submission Standards in effect on the date of award as outlined at *data.usaid.gov/standards*. If the Contractor is unable to adhere to USAID's Digital Collection and Submission Standards, the Contractor must obtain USAID's written approval for an alternative approach.

(i) *Access to the digital information.* USAID will conduct a rigorous risk assessment of digital information that the Contractor submits to USAID to determine the appropriate permissions and restrictions on access to the digital information. USAID may release the data publicly in full, redact or otherwise protect aspects of the information prior to public release, or hold the information in a non-public status.

(j) *Obligations regarding subcontractors.* (1) The Contractor must furnish, acquire, or collect information and submit to USAID, in accordance with paragraph (f) of this clause, all digital information produced, furnished, acquired, or collected in performance of this contract by its subcontractors at any tier.

(2) The Contractor must insert the terms of this clause, except paragraph (e) of this clause, in all subcontracts.

(End of clause)

### Conference Planning and Required Approval (Jul 2023)

(a) *Definitions.* As used in this clause—

*Conference* means a seminar, meeting, retreat, symposium, workshop, training activity or other such event that is funded in whole or in part by USAID.

(e) Revocation of the LOC is at the discretion of M/CFO/CMP after consultation with the contracting officer. ## **752.236-70 Standards for accessibility for the disabled in USAID construction contracts.**

As prescribed in 736.570, for contracts for construction or renovation using program funds, insert the following clause.

### **Standards for Accessibility for the Disabled in USAID Construction Contracts (JUL 2007)**

(a) One of the objectives of the USAID Disability Policy is to engage other U.S. Government agencies, host country counterparts, governments, implementing organizations and other donors in fostering a climate of nondiscrimination against people with disabilities. As part of this policy USAID has established standards for any new or renovation construction project funded by USAID to allow access by people with disabilities (PWDs). The full text of the policy paper can be found at the following Web site: [http://www.usaid.gov/about\\_usaid/disability/](http://www.usaid.gov/about_usaid/disability/).

(b) USAID requires the contractor to comply with standards of accessibility for people with disabilities in all structures, buildings or facilities resulting from new or renovation construction or alterations of an existing structure.

(c) The contractor must comply with the host country or regional standards for accessibility in construction when such standards result in at least substantially equivalent accessibility and usability as the standard provided in the Americans with Disabilities Act (ADA) of 1990 and the Architectural Barriers Act (ABA)

Accessibility Guidelines of July 2004. Where there are no host country or regional standards for universal access or where the host country or regional standards fail to meet the ADA/ABA threshold, the standard prescribed in the ADA and the ABA must be used.

(d) *New Construction*. All new construction must comply with the above standards for accessibility.

(e) *Alterations*. Changes to an existing structure that affect, or could affect, the usability of the structure must comply with the above standards for accessibility unless the contractor obtains the contracting officer's advance approval that compliance is technically infeasible or constitutes an undue burden or both. Compliance is technically infeasible where structural conditions would require removing or altering a load-bearing member that is an essential part of the structural frame or because other existing physical or site constraints prohibit modification or addition of elements, spaces, or features that are in full and strict compliance with the minimum requirements of the standard. Compliance is an undue burden where it entails either a significant difficulty or expense or both.

(f) *Exceptions*. The following construction related activities are excepted from the requirements of paragraphs (a) through (d) of this section:

(1) Normal maintenance, re-roofing, painting or wallpapering, or changes to mechanical or electrical systems are not alterations and the above standards do not apply unless they affect the accessibility of the building or facility; and

(2) emergency construction (which may entail the provision of plastic sheeting or tents, minor repair and upgrading of existing structures, rebuilding of part of existing structures, or provision of temporary structures) intended to be temporary in nature. A portion of emergency construction assistance may be provided to people with disabilities as part of the process of identifying disaster- and crisis-affected people as "most vulnerable."

## 752.239-70 Information Technology Authorization.

As prescribed in AIDAR 739.106(b), insert the following clause in Section I of solicitations and contracts:

### Information Technology Authorization (May 2024)

(a) *Definitions*. As used in this contract:

*Information Technology* means

(1) Any services or equipment, or interconnected system(s) or subsystem(s) of equipment, that are used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the agency; where

(2) such services or equipment are “used by an agency” if used by the agency directly or if used by a contractor under a contract with the agency that requires either use of the services or equipment or requires use of the services or equipment to a significant extent in the performance of a service or the furnishing of a product.

(3) The term “information technology” includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including provisioned services such as cloud computing and support services that support any point of the lifecycle of the equipment or service), and related resources.

(4) The term “information technology” does not include any equipment that is acquired by a contractor incidental to a contract that does not require use of the equipment.

(b) *Approval Requirements.* The Federal Information Technology Acquisition Reform Act (FITARA) requires Agency Chief Information Officer (CIO) review and approval of acquisitions of information technology and information technology services. Any information technology specified in the Schedule of this contract has already been approved by the CIO. The Contractor must not acquire any additional information technology without the prior written approval of the Contracting Officer as specified in this clause.

(c) *Request for Approval Procedure.*

(1) If the Contractor determines that any information technology not specified in the Schedule will be necessary in the performance of the contract, the Contractor must request prior written approval from the Contracting Officer, including the Contracting Officer's Representative and the Office of the CIO ([ITAuthorization@usaid.gov](mailto:ITAuthorization@usaid.gov)) on the request.

(2) In the request, the Contractor must provide an itemized description of the information technology to be procured. For equipment (including hardware and software), the Contractor must include any applicable brand names, model/version numbers, quantities, and estimated unit and total cost information. For services, the Contractor must provide a detailed description of the services, name(s) of the service provider(s), and estimated cost information.

(3) The Contracting Officer will approve or deny in writing the Contractor's request. If granted, the Contracting Officer will specify in writing the information technology approved by the CIO for purchase.

(d) *Subcontracts.* The Contractor must insert the substance of this clause, including this paragraph (d), in all subcontracts. The Contractor is responsible for requesting any approval required under paragraphs (b) and (c) of this clause for any applicable subcontractor information technology acquisition.

(End of clause)

## § 752.239-71 Information and Communication Technology Accessibility.

As prescribed in AIDAR 739.106(c), insert the following clause in Section I of solicitations and contracts:

## Information and Communication Technology Accessibility (May 2024)

- (a) Section 508 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794d) requires (1) Federal agencies to offer access to information and communication technology (ICT) to individuals with disabilities who are Federal employees or members of the public seeking information or services, and (2) that this access be comparable to that which is offered to Federal employees or members of the public who are not individuals with disabilities. Standards for complying with this law are prescribed by the Architectural and Transportation Barriers Compliance Board ("Access Board") in 36 CFR part 1194, are viewable at <https://www.access-board.gov/ict/>.

Determination of reasonableness, allocability and allowability will be made by the contracting officer based on the applicable cost principles, the Contractor's established policies and procedures, USAID's established policies and procedures for USAID direct-hire employees, and the particular needs of the project being implemented by this contract. The following paragraphs provide specific guidance and limitations on particular items of cost.

(b) *International travel.* For travel to and from post of assignment the Contractor shall be reimbursed for travel costs and travel allowances of travelers from place of residence in the United States (or other location provided that the cost of such travel does not exceed the cost of the travel from the employee's residence in the United States) to the post of duty in the Cooperating Country and return to place of residence in the United States (or other location provided that the cost of such travel does not exceed the cost of travel from the post of duty in the Cooperating Country to the employee's residence) upon completion of services by the individual. Reimbursement for travel will be in accordance with the applicable cost principles and the provisions of this contract, and will be limited to the cost of travel by the most direct and expeditious route. If a regular employee does not complete one full year at post of duty (except for reasons beyond his/her control), the costs of going to and from the post of duty for that employee and his/her dependents are not reimbursable hereunder. If the employee serves more than one year but less than the required service in the Cooperating Country (except for reasons beyond his/her control) the costs of going to the post of duty are reimbursable hereunder but the costs of going from post of duty to the employee's permanent, legal place of residence at the time he or she was employed for work under this contract or other location as approved by the contracting officer are not reimbursable under this contract for the employee and his/her dependents. When travel is by economy class accommodations, the Contractor will be reimbursed for the cost of transporting up to 10 kilograms/22 pounds of accompanied personal baggage per traveler in addition to that regularly allowed with the economy ticket provided that the total number of kilograms/pounds of baggage does not exceed that regularly allowed for first class travelers. Travel allowances for travelers must not be in excess of the rates authorized in the Department of State Standardized Regulations—hereinafter referred to as the Standardized Regulations—as from time to time amended, for not more than the travel time required by scheduled commercial air carrier using the most expeditious route. One stopover en route for a period of not to exceed 24 hours is allowable when the traveler uses economy class accommodations for a trip of 14 hours or more of scheduled duration. Such stopover shall not be authorized when travel is by indirect route or is delayed for the convenience of the traveler. Per diem during such stopover shall be paid in accordance with the established practice of the Contractor but not to exceed the amounts stated in the Standardized Regulations.

(c) *Local travel.* Reimbursement for local travel in connection with duties directly referable to the contract shall not be in excess of the rates established by the Mission Director for the travel costs of travelers in the Cooperating Country. In the absence of such established rates the Contractor shall be reimbursed for actual

travel costs of travelers in the Cooperating Country, if not provided by the Cooperating Government or the Mission, including travel allowances at rates not in excess of those prescribed by the Standardized Regulations.

(d) *Travel for consultation.* The Contractor shall be reimbursed for the round trip of the Contractor's Chief of Party in the Cooperating Country or other designated Contractor employee or consultant in the Cooperating Country performing services required under this Contract, for travel from the Cooperating Country to the Contractor's office in the United States or to USAID/Washington for consultation and return on occasions deemed necessary by the Contractor and approved in advance, in writing, by the contracting officer or the Mission Director.

(e) *Special international travel and third country travel.* For special travel which advances the purpose of the contract, which is not otherwise provided by the Cooperating Government, and with the prior written approval of the contracting officer or the Mission Director, the Contractor shall be reimbursed for—

(i) The travel cost of travelers other than between the United States and the Cooperating Country and for local travel within other countries and

(ii) Travel allowance for travelers while in travel status and while performing services hereunder in such other countries at rates not in excess of those prescribed by the Standardized Regulations.

(f) *Indirect travel for personal convenience.* When travel is performed by an indirect route for the personal convenience of the traveler, the allowable costs of such travel will be computed on the basis of the cost of allowable air fare via the direct usually traveled route. If such costs include fares for air or ocean travel by foreign flag carriers, approval for indirect travel by such foreign flag carriers must be obtained from the contracting officer or the Mission Director before such travel is undertaken, otherwise only that portion of travel accomplished by United States-flag carriers will be reimbursable within the above limitation of allowable costs.

(g) *Limitation on travel by dependents.* Travel costs and allowances will be allowed only for dependents of regular employees and such costs shall be reimbursed for travel from place of abode to assigned station in the Cooperating Country and return, only if dependent remains in the country for at least 9 months or one-half of the required tour of duty of the regular employee responsible for such dependent, whichever is greater. If the dependent is eligible for educational travel pursuant to the "Differential and Allowances" clause of this contract, time spent away from post resulting from educational travel will be counted as time at post.

(h) *Delays en route.* The Contractor may grant to travelers under this contract reasonable delays en route while in travel status when such delays are caused by events beyond the control of such traveler or Contractor. It is understood that if delay is caused by physical incapacitation, personnel shall be eligible for such sick leave as provided under the "Leave and Holidays" clause of this contract.

(i) *Travel by privately owned automobile.* The Contractor shall be reimbursed for the cost of travel performed by a regular employee in his/her privately owned automobile at a rate not to exceed that authorized in the Federal Travel Regulations plus authorized per diem for the employee and for each of the authorized dependents traveling in the automobile, if the automobile is being driven to or from the Cooperating Country as authorized under the contract, provided that the total cost of the mileage and the per diem paid to all authorized travelers shall not exceed the total constructive cost of fare and normal per diem by all authorized travelers by surface common carrier or authorized air fare, whichever is less.

(j) *Emergency and irregular travel and transportation.* Emergency transportation costs and travel allowances while en route, as provided in this section will also be reimbursed not to exceed amounts authorized by the Foreign Service Travel Regulations for USAID-direct hire employees in like circumstances under the following conditions:

(1) The costs of going from post of duty in the Cooperating Country to the employee's permanent, legal place of residence at the time he or she was employed for work under this contract or other location for Contractor employees and dependents and returning to the post of duty, when the Contractor's Chief of Party, with the concurrence of the Contracting Officer or Mission Director makes a written determination that such travel is necessary for one of the reasons specified in subparagraphs (j)(1) (i) and (ii) of this section. A copy of the written determination shall be furnished to the contracting officer.

(i) Need for medical care beyond that available within the area to which the employee is assigned, or serious effect on physical or mental health if residence is continued at assigned post of duty, subject in either case, to the limitations stated in the clause of this contract entitled "Personnel—Physical Fitness of Employee and Dependents." The Mission Director may authorize a medical attendant to accompany the employee at contract expense if, based on medical opinion, such an attendant is necessary.

(ii) Death, or serious illness or injury of a member of the immediate family of the employee or the immediate family of the employee's spouse.

(2) When, for any reason, the Mission Director determines it is necessary to evacuate the Contractor's entire team (employees and dependents) or Contractor dependents only, the Contractor will be reimbursed for travel and transportation expenses and travel allowance while en route, for the cost of the individuals going from post of duty in the Cooperating Country to the employee's permanent, legal place of residence at the time he or she was employed for work under this contract or other approved location. The return of such employees and dependents may also be authorized by the Mission Director when, in his/her discretion, he/she determines it is prudent to do so.

(3) The Mission Director may also authorize emergency or irregular travel and transportation in other situations, when in his/her opinion, the circumstances warrant such action. The authorization shall include the kind of leave to be used and appropriate restrictions as to time away from post, transportation of personal and/or household effects, etc. Requests for such emergency travel shall be submitted through the Contractor's Chief of Party.

(k) *Home leave travel.* To the extent that home leave has been authorized as provided in the "Leave and Holidays" clause of this contract, the cost of travel for home leave is reimbursable for travel costs and travel allowances of travelers from the post of duty in the Cooperating Country to place of residence in the United States (or other location provided that the cost of such travel does not exceed the cost of travel to the employee's residence in the United States) and return to the post of duty in the Cooperating Country. Reimbursement for travel will be in accordance with the applicable cost principles and the provisions of this contract, and will be limited to the cost of travel by the most direct and expeditious route. When travel is by economy class accommodations, the Contractor will be reimbursed for the cost of transporting up to 10 kilograms/22 pounds of accompanied personal baggage per traveler in addition to that regularly allowed with the economy ticket provided that the total number of kilograms/pounds of baggage does not exceed that regularly allowed for first class travelers. Travel allowances for travelers shall not be in excess of the rates authorized in the Standardized Regulations as from time to time amended, for not more than the travel time

required by scheduled commercial air carrier using the most expeditious route. One stopover en route for a period of not to exceed 24 hours is allowable when the traveler uses economy class accommodations for a trip of 14 hours or more of scheduled duration. Such stopover shall not be authorized when travel is by indirect route or is delayed for the convenience of the traveler. Per diem during such stopover shall be paid in accordance with the established practice of the Contractor but not to exceed the amounts stated in the Standardized Regulations.

(l) *Rest and recuperation travel.* The Contractor shall be reimbursed for the cost of travel performed by regular employees and dependents for purposes of rest and recuperation provided that such reimbursement does not exceed that authorized for USAID direct hire employees, and provided further that no reimbursement will be made unless approval is given by the Contractor's Chief of party.

(m) *Transportation of motor vehicles, personal effects and household goods.* (1) Transportation, including packing and crating costs, will be paid for shipping from the point of origin in the United States (or other location as approved by the contracting officer) to post of duty in the Cooperating Country and return to point of origin in the United States (or other location as approved by the contracting officer) of one privately-owned vehicle for each regular employee, personal effects of travelers and household goods of each regular employee not to exceed the limitations in effect for such shipments for USAID direct hire employees in accordance with the Foreign Service Travel Regulations as in effect when shipment is made.

(2) If a regular employee does not complete one full year at post of duty (except for reasons beyond his/her control), the costs for transportation of vehicles, effects and goods to and from the post of duty are not reimbursable hereunder. If the employee serves more than one year but less than the required service in the Cooperating Country (except for reasons beyond his/her control) the costs for transportation of vehicles, effects and goods to the post of duty are reimbursable hereunder but the costs for transportation of vehicles, effects and goods from post of duty to the employee's permanent, legal place of residence at the time he or she was employed for work under this contract or other location as approved by the contracting officer are not reimbursable under this contract.

(3) The cost of transporting motor vehicles and household goods shall not exceed the cost of packing, crating and transportation by surface. In the event that the carrier does not require boxing or crating of motor vehicles for shipment to the Cooperating Country, the cost of boxing or crating is not reimbursable. The transportation of a privately-owned motor vehicle for a regular employee may be authorized by the Contractor as replacement of the last such motor vehicle shipped under this contract for the employee when the Mission Director or his/her designee determines in advance and so notifies the Contractor in writing that the replacement is necessary for reasons not due to the negligence or malfeasance of the regular employee. The determination shall be made under the same rules and regulations that apply to Mission employees.

(n) *Unaccompanied baggage.* Unaccompanied baggage is considered to be those personal belongings needed by the traveler immediately upon arrival at destination. To permit the arrival of effects to coincide with the arrival of regular employees and dependents, consideration should be given to advance shipments of unaccompanied baggage. The Contractor will be reimbursed for costs of shipment of unaccompanied baggage (in addition to the weight allowance for household effects) not to exceed the limitations in effect for USAID direct hire employees in accordance with the Foreign Service Travel Regulations as in effect when shipment is made.

This unaccompanied baggage may be shipped as air freight by the most direct route between authorized points of origin and destination regardless of the modes of travel used. This provision is applicable to home leave travel and to short-term employees when these are authorized by the terms of this contract.

(o) *Storage of household effects.* The cost of storage charges (including packing, crating, and drayage costs) in the U.S. of household goods of regular employees will be permitted in lieu of transportation of all or any part of such goods to the Cooperating Country under paragraph (m) above provided that the total amount of effects shipped to the Cooperating Country or stored in the U.S. shall not exceed the amount authorized for USAID direct hire employees under the Uniform Foreign Service Travel Regulations.

(p) *International ocean transportation.* (1) Flag eligibility requirements for ocean carriage are covered by the "Source and Nationality Requirements" clause of this contract.

(i) Transportation of goods. Where U.S. flag vessels are not available, or their use would result in a significant delay, the Contractor must contact the U.S. Agency for International Development (USAID), Bureau for Management, Office of Acquisition and Assistance, Transportation Division (M/OAA/T) for required guidance and may obtain a release from this requirement from M/OAA/T. The contact email address for these matters is [Oceantransportation@USAID.gov](mailto:Oceantransportation@USAID.gov).

(ii) *Transportation of persons.* Where U.S. flag vessels are not available, or their use would result in a significant delay, the Contractor may obtain a release from this requirement from the contracting officer or the Mission Director, as appropriate.

(2) *Transportation of foreign-made vehicles.* Reimbursement of the costs of transporting a foreign-made motor vehicle will be made in accordance with the provisions of the Foreign Service Travel Regulations.

(3) *Reduced rates on U.S. flag carriers.* Reduced rates on United States flag carriers are in effect for shipments of household goods and personal effects of USAID contract personnel. These reduced rates are available provided the shipper states on the bill of lading that the cargo is "Personal property-not for resale-payment of freight charges is at U.S. Government (USAID) expense and any special or diplomatic discounts accorded this type cargo are applicable." The Contractor will not be reimbursed for shipments of household goods or personal effects in an amount in excess of the reduced rates available in accordance with the foregoing.

As an addition to or substitution for USAID's sponsored orientation for regular employees, the following types of orientation may be authorized taking into consideration specific job requirements, the employee's prior overseas experience, or unusual circumstances.

**752.7012 Protection of the individual as a research subject.**

This clause is for use in any USAID contract which involves research using human subjects.

**Protection of the Individual as a Research Subject (AUG 1995)**

(a) Safeguarding the rights and welfare of human subjects in research conducted under a USAID contract is the responsibility of the contractor. USAID has adopted the Common Federal Policy for the Protection of Human Subjects. USAID's Policy is found in Part 225 of Title 22 of the Code of Federal Regulations (the "Policy"). Additional interpretation, procedures, and implementation guidance of the Policy are found in USAID General Notice entitled "Procedures for the Protection of Human Subjects in Research Supported by USAID", issued April 19, 1995, as from time to time amended (a copy of which is attached to this contract). USAID's Cognizant Human Subjects Officer (CHSO) and USAID/W has oversight, guidance, and interpretation responsibility for the Policy.

(b) Contractors must comply with the Policy when humans are the subject of research, as defined in 22 CFR 225.102(d), performed as part of the contract, and contractors must provide "assurance", as required by 22 CFR 225.103, that they follow and abide by the procedures in the Policy. See also Section 5 of the April 19, 1995, USAID General Notice which sets forth activities to which the Policy is applicable. The existence of a bona fide, applicable assurance approved by the Department of Health and Human Services (HHS) such as the "multiple project assurance" (MPA) will satisfy this requirement. Alternatively, contractors can provide an acceptable written assurance to USAID as described in 22 CFR 225.103. Such assurances must be determined by the CHSO to be acceptable prior to any applicable research being initiated or conducted under the contract. In some limited instances outside the U.S., alternative systems for the protection of human subjects may be used provided they are deemed "at least equivalent" to those outlined in part 225 (see 22 CFR 225.101(h)). Criteria and procedures for making this determination are described in the General Notice cited in the preceding paragraph.

(c) Since the welfare of the research subject is a matter of concern to USAID as well as to the contractor, USAID staff, consultants and advisory groups may independently review and inspect research, and research processes and procedures involving human subjects, and based on such findings, the CHSO may prohibit research which presents unacceptable hazards or otherwise fails to comply with USAID procedures. Informed consent documents must include the stipulation that the subject's records may be subject to such review.

### **752.7013 Contractor-mission relationships.**

For use in all USAID contracts involving performance overseas. Note that paragraph (f) of this clause is applicable only in contracts with an educational institution.

#### **Contractor-Mission Relationships (OCT 1989)**

(a) The Contractor acknowledges that this contract is an important part of the United States Foreign Assistance Program and agrees that its operations and those of its employees in the Cooperating Country will be carried out in such a manner as to be fully commensurate with the responsibility which this entails.

(b) The Mission Director is the chief representative of USAID in the Cooperating Country. In this capacity, he/she is responsible for both the total USAID program in the cooperating country including certain administrative responsibilities set forth in this contract, and for advising USAID regarding the performance of the work under the contract and its effect on the United States Foreign Assistance Program. Although the Contractor will be responsible for all professional, technical, and administrative details of the work called for by the contract, it shall be under the guidance of the Mission Director in matters relating to foreign policy. The Chief of Party shall keep the Mission Director currently informed of the progress of the work under the contract.

(c) In the event the conduct of any Contractor employee is not in accordance with the preceding paragraphs, the Contractor's Chief of Party shall consult with the Mission Director and the employee involved and shall recommend to the Contractor a course of action with regard to such employee.

(d) The parties recognize the right of the U.S. Ambassador to direct the removal from a country of any U.S. citizen or the discharge from this contract of any third-country national or cooperating-country national when, at the discretion of the Ambassador, the interests of the United States so require. Under these circumstances termination of an employee and replacement by an acceptable substitute shall be at no cost to USAID.

(e) If it is determined that the services of such employee shall be terminated, the Contractor shall use its best efforts to cause the return of such employee to the United States or point of origin as appropriate.

[The following paragraph (f) is applicable if the contract is with an educational institution:]

(f) It is understood by the parties that the Contractor's responsibilities shall not be restrictive of academic freedom. Notwithstanding these academic freedoms, the Contractor's employees, while in the Cooperating Country, are expected to show respect for its conventions, customs, and institutions, to abide by applicable laws and regulations, and not to interfere in its internal political affairs.

## 752.7015 Use of pouch facilities.

For use in all USAID non-commercial contracts exceeding the simplified acquisition threshold and involving performance overseas.

### Use of Pouch Facilities (JUL 1997)

(a) Use of diplomatic pouch is controlled by the Department of State. The Department of State has authorized the use of pouch facilities for USAID contractors and their employees as a general policy, as detailed in paragraphs (a)(1) through (a)(7) of this clause; however, the final decision regarding use of pouch facilities rests with the Embassy or USAID Mission. In consideration of the use of pouch facilities as hereinafter stated, the Contractor and its employees agree to indemnify and hold harmless the Department of State and USAID against loss or damage occurring in pouch transmission.

(1) Contractors and their employees are authorized use of the pouch for transmission and receipt of up to a maximum of 0.9 kilogram/2 pounds per shipment of correspondence and documents needed in the administration of foreign assistance programs.

(2) U.S. citizen employees of U.S. contractors are authorized use of the pouch for personal mail up to a maximum of 0.5 kilogram/one pound per shipment (but see paragraph (a)(3) of this section).

- (3) Merchandise, parcels, magazines, or newspapers are not considered to be personal mail for purposes of this clause, and are not authorized to be sent or received by pouch.
- (4) Official mail as authorized by paragraph (a)(1) of this clause should be addressed as follows: Individual or Organization name, followed by the symbol "C", city Name of Post, U.S. Agency for International Development, Washington, DC 20523-0001.
- (5) Personal mail pursuant to paragraph (a)(2) of this clause should be sent to the address specified in paragraph (a)(4) of this clause, but without the name of the organization.
- (6) Mail sent via the diplomatic pouch may not be in violation of U.S. Postal laws and may not contain material ineligible for pouch transmission.
- (7) USAID contractor personnel are not authorized use of military postal facilities (APO/FPO). This is an Adjutant General's decision based on existing laws and regulations governing military postal facilities and is being enforced worldwide. Posts having access to APO/FPO facilities and using such for diplomatic pouch dispatch, may, however, accept official mail from Contractors and letter mail from their employees for the pouch, provided of course, adequate postage is affixed.
- (b) The Contractor shall be responsible for advising its employees of this authorization and these guidelines and limitations on use of pouch facilities.
- (c) Specific additional guidance on use of pouch facilities in accordance with this clause is available from the Post Communication Center at the Embassy or USAID Mission.

(2) *Individuals engaged or assigned when outside the United States.* No individual shall be engaged or assigned when outside the United States to perform work outside the United States under this contract unless authorized in the schedule or otherwise approved by the contracting officer or Mission Director. This provision does not apply to employees or consultants who are citizens or legal residents of the Cooperating Country.

[The following paragraphs (f) and (g) are applicable only to cost reimbursement contracts.]

(f) *Duration of appointments.* (1) Regular employees will normally be appointed for a minimum of 2 years which period includes orientation (less language training) in the United States and authorized international travel under the contract except:

(i) An appointment may be made for less than 2 years if the contract has less than 2 years but more than 1 year to run provided that if the contract is extended the appointment shall also be extended to the full 2 years. This provision shall be reflected in the employment agreement prior to employment under this contract.

(ii) When a 2-year appointment is not required, appointment may be made for less than 2 years but in no event less than 1 year.

(iii) When the normal tour of duty established for USAID personnel at a particular post is less than 2 years, then a normal appointment under this contract may be of the same duration.

(iv) When the contractor is unable to make appointments of regular employees for a full 2 years, the contractor may make appointments of less than 2 but not less than 1 year, provided that such appointment is approved by the contracting officer.

He or she shall be entitled to salary for the time services are actually performed in the Cooperating Country, and differential and allowances as established by the Standardized Regulations (Government Civilians, Foreign Areas).

[56 FR 7587, Feb. 25, 1991, as amended at 62 FR 40471, July 29, 1997; 79 FR 74988, Dec. 16, 2014]

## 752.7028 Differentials and Allowances.

The following clause is for use in all USAID cost reimbursement contracts performed in whole or in part overseas.

### Differentials and Allowances (MAY 2024)

The differentials and allowances authorized in this clause apply only to U.S. employees. Any reimbursement of differentials or allowances to TCN or CCN employees under this contract is limited to separate and specific authorization(s) for identified differentials or allowances which are granted by the cognizant Assistant Administrator or Mission Director pursuant to 722.170, or by the Mission Director in conjunction with an authorized evacuation as provided in paragraph (i). A copy of such authorization shall be retained and made available as part of the contractor's records which are required to be preserved and made available by the "Examination of Records by the Comptroller General" and "Audit" clauses of this contract.

(a) *Post hardship differential.* Post hardship differential is an additional compensation for service at places in foreign areas where conditions of environment differ substantially from conditions of environment in the continental United States and warrant additional compensation as a recruitment and retention incentive. In areas where post hardship differential is paid to USAID direct-hire employees, the contractor will be reimbursed

for post hardship differential paid to its employees, not to exceed the rate authorized in the Standardized Regulations (Government Civilians, Foreign Areas) Chapter 500 (except the limitation contained in Section 552, "Ceiling on Payment") and Tables in Chapter 900, as from time to time amended. When post hardship differential is provided to regular employees of the Contractor, it will commence and continue, and be suspended or terminated, as prescribed in the Standardized Regulations Chapter 500. The Contractor will be reimbursed post hardship differential paid to short-term employees, not to exceed such payments made to USAID U.S. citizen direct-hire detailed employees in accordance with the Standardized Regulations Chapter 500, as from time to time amended.

(b) *Living quarters allowance.* Living quarters allowance is an allowance granted to reimburse an employee for substantially all of his/her cost for either temporary or residence quarters whenever Government-owned or Government-rented quarters are not provided to him/her at his/her post without charge. Such costs are those incurred for temporary lodging (temporary lodging allowance) or one unit of residence quarters (living quarters allowance) and include rent, plus any costs not included therein for heat, light, fuel, gas, electricity and water. The temporary lodging allowance and the living quarters allowance are never both payable to an employee for the same period of time. The Contractor will be reimbursed for payments made to employees for a living quarters allowance for rent and utilities if such facilities are not supplied. Such allowance shall not exceed the amount paid USAID employees of equivalent rank in the Cooperating Country, in accordance with either the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 130, as from time to time amended, or other rates approved by the Mission Director. Subject to the written approval of the Mission Director, short-term employees may be paid per diem (in lieu of living quarters allowance) at rates prescribed by the Federal Travel Regulations, as from time to time amended, during the time such short-term employees spend at posts of duty in the Cooperating Country under this contract. In authorizing such per diem rates, the Mission Director shall consider the particular circumstances involved with respect to each such short-term employee including the extent to which meals and/or lodging may be made available without charge or at nominal cost by an agency of the United States Government or of the Cooperating Government, and similar factors.

(c) *Temporary quarters subsistence allowance.* Temporary quarters subsistence allowance is a quarters allowance granted to an employee for the reasonable cost of temporary quarters incurred by the employee and his family for a period not in excess of (i) 90 days after first arrival at a new post in a foreign area or a period ending with the occupation of residence (permanent) quarters, if earlier, and (ii) 30 days immediately preceding final departure from the post subsequent to the necessary vacating of residence quarters, unless an extension is authorized in writing by the Mission Director. The Contractor will be reimbursed for payments made to employees and authorized dependents for temporary quarters subsistence allowance, in lieu of living quarters allowance, not to exceed the amount set forth in the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 120, as from time to time amended.

(d) *Post allowance.* Post allowance is a cost-of-living allowance granted to an employee officially stationed at a post where the cost of living, exclusive of quarters cost, is substantially higher than in Washington, DC. The Contractor will be reimbursed for payments made to employees for post allowance not to exceed those paid USAID employees in the Cooperating Country, in accordance with the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 220, as from time to time amended.

(e) *Supplemental post allowance.* Supplemental post allowance is a form of post allowance granted to an employee at his/her post when it is determined that assistance is necessary to defray extraordinary subsistence costs. The Contractor will be reimbursed for payments made to employees for supplemental post allowance not to exceed the amount set forth in the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 230, as from time to time amended.

(f) *Educational allowance.* Educational allowance is an allowance to assist an employee in meeting the extraordinary and necessary expenses, not otherwise compensated for, incurred by reason of his/her service in a foreign area in providing adequate elementary and secondary education for his/her children. The Contractor will be reimbursed for payments made to regular employees for educational allowances for their dependent children in amounts not to exceed those set forth in the Standardized (Regulations Government Civilians, Foreign Areas), Chapter 270, as from time to time amended.

(g) *Educational travel.* Educational travel is travel to and from a school in the United States for secondary education (in lieu of an educational allowance) and for college education. The Contractor will be reimbursed for payments made to regular employees for educational travel for their dependent children provided such payment does not exceed that which would be payable in accordance with the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 280, as from time to time amended. Educational travel shall not be authorized for regular employees whose assignment is less than two years.

(h) *Separate maintenance allowance.* Separate maintenance allowance is an allowance to assist an employee to meet the additional expenses of maintaining members of family elsewhere than at the employee's foreign post of assignment. The Contractor will be reimbursed for payments made to regular employees for a separate maintenance allowance not to exceed that made to USAID employees in accordance with the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 260, as from time to time amended.

(i) *Payments during evacuation.* The Standardized Regulations (Government Civilians, Foreign Areas) provide the authority for efficient, orderly, and equitable procedures for the payment of compensation, post differential, and allowances in the event of an emergency evacuation of employees or their dependents, or both, from duty stations for military or other reasons, or because of imminent danger to their lives. If evacuation has been authorized by the Mission Director, the Contractor will be reimbursed for payments made to employees and authorized dependents evacuated from their post of assignment in accordance with the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 600, and the Federal Travel Regulations, as from time to time amended. In conjunction with an evacuation authorization, the Mission Director may also specifically authorize payments of identified differentials or allowances for TCN or CCN employees.

(j) *Danger pay allowance.* (1) The contractor will be reimbursed for payments made to its employees for danger pay not to exceed that paid USAID employees in the cooperating country, in accordance with the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 650, as from time to time amended.

(2) Danger pay is an allowance that provides additional compensation above basic compensation to an employee in a foreign area where civil insurrection, civil war, terrorism or wartime conditions threaten physical harm or imminent danger to the health or well-being of the employee. The danger pay allowance is in lieu of that part of the post differential which is attributable to political violence. Consequently, the post differential may be reduced while danger pay is in effect to avoid dual crediting for political violence.

## **752.7029 Post privileges.**

For use in all USAID non-commercial contracts involving performance overseas.

### **Post Privileges (JUL 1993)**

- (a) Routine health room services may be available, subject to post policy, to U.S. citizen contractors and their authorized dependents (regardless of citizenship) at the post of duty. These services do not include hospitalization, or predeparture or end of tour medical examinations. The services normally include such medications as may be available, immunizations and preventive health measures, diagnostic examinations and advice, and home visits as medically indicated. Emergency medical treatment is provided to U.S. citizen employees and dependents, whether or not they may have been granted access to routine health room services, on the same basis as it would be to any U.S. citizen in an emergency medical situation in the country.
- (b) Privileges such as the use of APO, PX's, commissaries, and officer's clubs are established at posts abroad pursuant to agreements between the U.S. and Cooperating Governments. These facilities are intended for and usually limited to members of the official U.S. establishment including the Embassy, USAID Mission, U.S. Information Service, and the Military. Normally, the agreements do not permit these facilities to be made available to nonofficial Americans.

## **752.7031 Leave and holidays.**

For use in all USAID cost-reimbursement contracts for technical or professional services.

## Leave and Holidays (OCT 1989)

(a) *Vacation leave.* (1) The Contractor may grant to its employees working under this contract vacations of reasonable duration in accordance with the Contractor's practice for its employees, but in no event shall such vacation leave be earned at a rate exceeding 26 work days per annum. Reimbursement for vacation leave is limited to the amount earned by employees while serving under this contract.

For regular employees during their tour of duty in the Cooperating Country, vacation leave is provided under this contract primarily for purposes of affording necessary rest and recreation. The Contractor's Chief of Party, the employee and the Cooperating Country institution associated with this project shall develop vacation leave schedules early in the employee's tour of duty taking into consideration project requirements, employee preference and other factors.

(2) Leave taken during the concluding weeks of an employee's tour shall be included in the established leave schedule and be limited to that amount of leave which can be earned during a twelve-month period unless approved in accordance with paragraph (a)(3) of this clause.

(3) Vacation leave earned but not taken by the end of the employee's tour pursuant to paragraphs (a) (1) and (2) of this clause will be forfeited unless the requirements of the project precluded the employee from taking such leave, and the contracting officer (with the endorsement of the Mission) approves one of the following as an alternative:

(i) Taking, during the concluding weeks of the employee's tour, leave not permitted under (a)(2) of this section, or

(ii) Lump-sum payment for leave not taken provided such leave does not exceed the number of days which can be earned by the employee during a twelve-month period.

(b) *Sick Leave.* Sick leave is earned by employees in accordance with the Contractor's usual practice but not to exceed 13 work days per annum or 4 hours every 2 weeks. Additional sick leave after use of accrued vacation leave may be advanced in accordance with Contractor's usual practice, if in the judgment of the Contractor's Chief of Party it is determined that such additional leave is in the best interest of the project. In no event shall such additional leave exceed 30 days. The Contractor agrees to reimburse USAID for leave used in excess of the amount earned during the employee's assignment under this contract. Sick leave earned and unused at the end of a regular tour of duty may be carried over to an immediately-succeeding tour of duty under this contract. The use of home leave authorized under this clause shall not constitute a break in service for the purpose of sick leave carry-over. Contractor employees will not be compensated for unused sick leave at the completion of their duties under this contract.

(c) *Home leave.* (1) Home leave is leave earned for service abroad for use only in the United States, in the Commonwealth of Puerto Rico, or in the possessions of the United States.

(2) A regular employee who is a U.S. citizen or resident and has served at least 2 years overseas, as defined in paragraph (c)(4) of this clause, under this contract and has not taken more than 30 workdays leave (vacation, sick, or leave without pay) in the United States, may be granted home leave of not more than 15 workdays for each such year of service overseas, provided that such regular employee agrees to return overseas upon completion of home leave under an additional 2 year appointment, or for a shorter period of not less than 1

year of overseas service under the contract if the Mission Director has approved in advance. Home leave must be taken in the United States, the Commonwealth of Puerto Rico, or the possessions of the United States; any days spent elsewhere will be charged to vacation leave or leave without pay.

(3) Notwithstanding the requirement in paragraph (c)(2), of this clause, that the Contractor's regular employee must have served 2 years overseas under this contract to be eligible for home leave, Contractor may grant advance home leave to such regular employee subject to all of the following conditions:

(i) Granting of advance home leave would in each case serve to advance the attainment of the objectives of this contract;

(ii) The regular employee shall have served a minimum of 18 months in the Cooperating Country on his/her current tour of duty under this contract; and

(iii) The regular employee shall have agreed to return to the Cooperating Country to serve out the remainder of his/her current tour of duty and an additional 2 year appointment under this contract, or such other additional appointment of not less than 1 year of overseas service as the Mission Director may approve.

(4) The period of service overseas required under paragraph (c)(2) or paragraph (c)(3) of this clause shall include the actual days spent in orientation in the United States (less language training) and the actual days overseas beginning on the date of departure from the United States port of embarkation on international travel and continuing, inclusive of authorized delays en route, to the date of arrival at the United States port of debarkation from international travel. Allowable vacation and sick leave taken while overseas, but not leave without pay, shall be included in the required period of service overseas. An amount equal to the number of days vacation and sick leave taken in the United States, the Commonwealth of Puerto Rico, or the possessions of the United States will be added to the required period of service overseas.

(5) Salary during travel to and from the United States for home leave will be limited to the time required for travel by the most expeditious air route. The Contractor will be responsible for reimbursing USAID for salary payments made during home leave if in spite of the undertaking of the new appointment the regular employee, except for reasons beyond his/her control as determined by the contracting officer, does not return overseas and complete the additional required service. Unused home leave is not reimbursable under this contract.

(6) To the extent deemed necessary by the Contractor, regular employees in the United States on home leave may be authorized to spend not more than 5 days in work status for consultation at home office/campus or at USAID/Washington before returning to their post of duty. Consultation at locations other than USAID/Washington or home office/campus, as well as any time in excess of 5 days spent for consultation, must be approved by the Mission Director or the contracting officer.

(7) Except as provided in the schedule or approved by the Mission Director or the contracting officer, home leave is not authorized for TCN or CCN employees.

(d) *Holidays*. Holidays for Contractor employees serving in the United States shall be in accordance with the Contractor's established policy and practice. Holidays for Contractor employees serving overseas should take into consideration local practices and shall be established in collaboration with the Mission Director.

(e) *Military leave.* Military leave of not more than 15 calendar days in any calendar year may be granted in accordance with the Contractor's usual practice to each regular employee whose appointment is not limited to 1 year or less and who is a reservist of the United States Armed Forces, provided that such military leave has been approved in advance by the cognizant Mission Director or Assistant Administrator. A copy of any such approval shall be provided to the contracting officer.

(f) *Leave Records.* The Contractor's leave records shall be preserved and made available as part of the contractor's records which are required to be preserved and made available by the Examination of Records by the Comptroller General and Audit clauses of this contract.

(End of clause)

### **752.7032 International travel approval and notification requirements (APR 2014).**

For use in any USAID contract requiring international travel.

#### **International Travel Approval and Notification Requirements (APR 2014)**

Prior written approval by the contracting officer, or the contracting officer's representative (COR) if delegated in the Contracting Officer's Representative Designation Letter, is required for all international travel directly and identifiably funded by USAID under this contract. The Contractor must therefore present to the contracting officer or the contracting officer's representative, an itinerary for each planned international trip, showing the name of the traveler, purpose of the trip, origin/destination (and intervening stops), and dates of travel, as far in advance of the proposed travel as possible, but in no event less than three weeks before travel is planned to commence. The contracting officer's or contracting officer's representative's (if delegated by the contracting officer) prior written approval may be in the form of a letter or telegram or similar device or may be specifically incorporated into the schedule of the contract. At least one week prior to commencement of approved international travel, the Contractor must notify the cognizant Mission, with a copy to the contracting officer or contracting officer's representative, of planned travel, identifying the travelers and the dates and times of arrival.

### **752.7033 Physical fitness.**

For use in all USAID contracts involving performance overseas.

#### **Physical Fitness (JUL 1997)**

(The requirements of this provision do not apply to employees hired in the Cooperating Country or to authorized dependents who were already in the Cooperating Country when their sponsoring employee was hired.)

(a) *Assignments of less than 60 days in the Cooperating Country.* The contractor shall require employees being assigned to the Cooperating Country for less than 60 days to be examined by a licensed doctor of medicine. The contractor shall require the doctor to provide to the contractor a written statement that in his/her medical opinion the employee is physically qualified to engage in the type of activity for which he/she is employed and the employee is physically able to reside in the country to which he/she is assigned. Under a cost reimbursement contract, if the contractor has no written statement of medical opinion on file prior to the departure for the Cooperating Country of any employee and such employee is unable to perform the type of activity for which he/she is employed or cannot complete his/her tour of duty because of any physical disability (other than physical disability arising from an accident while employed under this contract), the contractor shall be responsible for returning the disabled employee to his/her point of hire and providing a replacement at no additional cost to the Government. In addition, in the case of a cost reimbursement contract, the contractor shall not be entitled to reimbursement for any additional costs attributable to delays or other circumstances caused by the employee's inability to complete his/her tour of duty.

(b) *Assignments of 60 days or more in the Cooperating Country.* (1) The contracting officer shall provide the contractor with a reproducible copy of the "USAID Contractor Employee Physical Examination Form". Information required by the Paperwork Reduction Act for reporting the burden estimate, the points of contact regarding burden estimate, and the OMB approval expiration date, are printed on the form. The contractor shall reproduce the form as required, and provide a copy to each employee and authorized dependent proposed for assignments of 60 days or more in the Cooperating Country. The contractor shall have the employee and all authorized dependents obtain a physical examination from a licensed physician, who will complete the form for each individual. The employee will deliver the physical examination form(s) to the embassy health unit in the Cooperating Country.

(2) (The following information is provided for two purposes: To assist fixed price offerors to develop their price proposal, and to provide cost reimbursement contractors with guidance in determining reasonable and allowable costs.)
